

M.R.F. Supervisor's Monthly Report December 9<sup>th</sup>, 2014

Carey did a great job of taking care of the M.R.F. while I took some needed time off. Everything went just fine. He took care of:

Accepting incoming garbage  
Sorting recyclables  
Crushing glass  
Baling recyclables  
Smashing the demo and metal boxes  
Moving snow  
Cleaning the shop  
Working on the electronics  
Plus watching the drive-thru

Additional info:

1. AA is doing the best they can after the loss of a couple of trucks in the fire. We will be just fine setting up for the winter months.

Respectfully Submitted,

Ted Pallas Supervisor M.R.F.
